17 The XVIth board of Study association Psychology in Nijmegen

18 Dear General Members' Assembly,

19 I would like to introduce myself as one of the candidates for the Selection Committee of SPiN 2023-
20 2024.

21 My name is Wouter de Jong, 22 years old, currently in my second year of the Business Administration
22 bachelor's program. Since my first year of studies, I have been an active member of the Study
23 Association Synergy and currently hold the positions of Vice-Chairman and Marketing Officer during
24 the association year 2023-2024.

25 Thanks to my involvement with Synergy over the past years, I have developed a comprehensive
26 understanding of the services offered by a study association, the structure of an association, and
27 effective governance. My board year has strengthened my insight into the functioning of a board,
28 including the specific tasks and requirements for each position. My personal vision strongly
29 emphasizes the ultimate goal we aim to achieve. As a result, I can accurately place candidates in roles
30 where they can best fulfil the intention of the position within a specific board. With this approach, I
31 believe I can make valuable contributions to the Selection Committee for assembling the XVIIth
32 candidate board.

33 Overall, I hope this provides you with sufficient information.

34 Kind regards,

35 Wouter de Jong

36 Dear General Members' Assembly,

37 I would like to introduce myself as one of the candidates of the Selection Committee 2023-2024.

38 My name is Anouk Toma, and I am 24 years old. I am currently in my fourth year of the bachelor.
39 Since the start of my studies, I have been an active member of SPiN within multiple committees. In
40 addition, during the academic year 2021-2022, I was the External Affairs Officer of the XIVth board of
41 SPiN. Furthermore, during the academic year 2022-2023, I was the Chair of the VIIth board of N.K.S.W.
42 Kompanio, the umbrella association of the Faculty of Social Sciences.

43 Because of my extensive experience both within SPiN and with doing a board year, I believe I have an
44 adequate overview of how an association functions and what it takes to be a good board member.
45 Within both board years I was able to help my fellow board members where necessary, so I have
46 enough knowledge about the different functions within a board. I also have previous experience with
47 being a member of a selection committee both within SPiN and within N.K.S.W. Kompanio. For me, it
48 is important to not only find suitable individual board members, who are placed within the right
49 function, but also make sure that they function well as a team. I believe with my knowledge and
50 experience, I can be a good addition to the Selection Committee and help draft the XVIIth candidate
51 board.

52 I am motivated and excited to be part of the Selection Committee. If you have any questions, I will
53 happily answer them during the GMA on April 8th 2024.

54 Kind regards,

55 Anouk Toma

56 Dear General Members' Assembly,

57 Hereby, I would like to introduce myself as a candidate for the Selection Committee of 2023-2024 for
58 the XVIIth board of SPiN.

59 My name is Judith Oomen, I am 21 years old and currently in my third year of the Bachelor of
60 Psychology. I have been active in SPiN since my first year and last year I have fulfilled the function of
61 Informal Internal Affairs Officer of the XVth board. This role gave me a solid understanding of how
62 SPiN works, including its structure and goals.

63 Besides my experience within SPiN, I am currently fulfilling the function of secretary in the XXXIIIrd
64 board of het Samenwerkings Overleg Faculteitsverenigingen (SOFv), the umbrella association of the
65 student organizations of the Radboud University. Through this role, I am a lot in contact with various
66 study associations, which enrich my insights into student boards. I believe that the perspectives and
67 knowledge I have gained from these interactions are a valuable addition to the Selection Committee.
68 Furthermore, as a board member of SOFv, I am involved in the selection process for the next board.
69 This experience has taught me a lot about choosing the right people for different roles.

70 Through my time on various boards, I have learned a lot about what makes a board work well and the
71 required skills of each function. I see myself as someone with a critical eye and I can consider and
72 incorporate various perspectives when making decisions. I will use these skills when forming a board
73 and placing people in a function that fits them.

74 I think my involvement in boards and study associations, together with my ability to consider diverse
75 viewpoints, makes me a strong candidate for the Selection Committee.

76 I hope I have informed you sufficient. If you have any questions, I am very willing to answer them at
77 the General Members' Assembly on April 8th 2024.

78 Kind regards,

79 Judith Oomen

80 Dear General Members' Assembly,

81 I would like to introduce myself as one of the candidates of the Selection Committee 2023-2024.

82 My name is Siri Joustra, I am 23 years old, and I am currently in my third year of my bachelors. In
83 2022-2023, I was part of the Sports Committee as a General Member. Here, I learned what it means
84 to actively participate and contribute to the organisation of various activities. I continued this
85 journey, as I am currently the External Affairs Officer and Vice Chair for the XVIth board of SPiN.

86 I believe that I would be an adequate candidate for the Selection Committee 2023-2024 because
87 during this past year, I have seen the ins and outs of the association. I better understand the
88 competencies a board should possess, and I believe it is of utmost importance that candidates are not
89 only placed within the right roles, but that the board should also function as a whole. With this, I
90 believe that I can be a valuable addition to the Selection Committee 2023-2024.

91 I hope to have provided you with all the information to make a well-informed decision. If you have
92 any questions for me, I will happily answer them at the GMA on April 8th 2024.

93 Kind regards,

94 Siri Joustra

95 Dear General Members' Assembly,

96 I would like to introduce myself as one of the candidates of the Selection Committee 2023-2024.

97 My name is Floor Roerdink, I am 21 years old and currently in my third year of the bachelor's program
98 in Psychology. I was an active member of SPiN in my second year of study where I was part of the
99 Workfield and Future committee as well as the Party and Drinks committee. In my current year of
100 study, I hold the position of Chair within the XVIth board of SPiN.

101 As a former active member, I have gained insight into what qualities are important to work effectively
102 within a group. Additionally, my current experiences as the chair of SPiN highlighted the struggles and
103 successes of my fellow board members, providing me with information about qualities and
104 competencies that are necessary for each function, including my own. I believe that these insights
105 have prepared me for selecting a capable XVIIth board of SPiN and I am motivated to do so.

106 I hereby hope to have informed you sufficiently and will be happy to answer any questions at the
107 General Members' Assembly on April 8th, 2024.

108 Kind regards,

109 Floor Roerdink
